## **NEW MB FRAME HORN**

**I have been wanting to reproduce this part for a long time and I finally have it finished. You may not be aware, but this product is not available in a high quality reproduction. The only other option is something that resembles this part, but not in detail. You also may not realize that an MB Frame Horn and a GPW Frame Horn are completely different. I have decided to reproduce the Willys Frame Horn first which is pictured below and will reproducing the GPW Frame Horn at a later date. This is a U.S. Made product with all holes drilled.**

**Available either Left Side or Right Side. Price \$150.00 each**

Tento díl se chtěl již dlouho vyrábět a nakonec se povedlo. Vy to asi nevíte, ale tento produkt není dostupný v nějaké vysoké kvalitě. Jsou jistě nějaké další možnosti, něčeho, co podobá této části, ale není to pěkně udělané. Uvědomte si, že MB Frame Horn a GPW Frame Horn jsou úplně jiné. Rozhodl jsem se produkovat Willys Frame Horn, první který je zobrazený dole a bude produkován i GPW Frame Horn později. Toto je nějaký U.S. produkt se všemi dírami drillu. Dostupná je buď levá strana či pravá strana. Cena \$150.00 každý

## NEW MB-GPW STARTER MOTOR

Now Available are the New Starters for the MB-GPW and CJ2A. These are not rebuilt starters. They are actually a reproduction of the Autolite MZ-4113 Starter. Are you experiencing slow cranking from your so-called rebuilt starter?

Most rebuilding shops today do not have the parts to correctly rebuild a starter so rebuilding is not a good option.

There is nothing like New. These are available in 6 and 12 volt.

Nyní dostupné jsou nové startéry pro MB-GPW a CJ2A. Toto nejsou opravené startéry. Je to ve skutečnosti reprodukce Autolite MZ-4113 Starteru. Už jste zažili pomalé otáčení motoru z vašeho tzv. generálového startéru? Většina servisů, nebo opravářů dnes nemá správné díly k opravě startéru, takže oprava není dobrá volba. Není tam nic nového. Tyto jsou dostupné v 6 a 12 volt. proveden

## NEW MB GPW Distributor

Here is the long awaited early style Autolite distributor for the MB GPW. This has been in development for the past two years and we are proud to now have them available. The main body of this distributor is made from original Autolite parts. It comes with the brown distributor cap and the brown rotor which is what the distributor originally had. It also comes with the mounting bracket for easy installation. We guarantee that this is the highest quality distributor available today

. Zde je dlouho očekávaný původní stylový Autolite distributor pro MB GPW. Tento rozdělovač byl ve vývoji dva roky a my jsme pyšní, že je nyní dostupný. Hlavní části tohoto distributoru jsou vyrobené z originálních Autolite částí. Přichází s hnědým víčkem a hnědým rotorem, který distributor původně měl. Přichází také s nosným držákem pro snadnou instalaci. My garantujeme že toto je nejkvalitnější distributor dostupný dnes.
